Product Description

Long-Lasting Durability Engine Oil Tin Can With Standard Or Customized Actuator

Product Description:

Whether you are looking to store and dispense aerosol spray car wax or aerosol spray paint, the Tinplate Aerosol Can is the perfect solution for you. It is designed to be leak-proof and can hold a wide range of aerosol products. With its pressure resistance, you can be sure that your aerosol products will be dispensed safely and efficiently.

The Tinplate Aerosol Can is also great for use in industrial settings where aerosol products are commonly used. It is designed to be tough and durable, making it ideal for use in tough environments. Whether you need to store and dispense lubricants, solvents, or other industrial aerosols, this product is up to the task.

Overall, the Tinplate Aerosol Can is a versatile and reliable product that is perfect for storing and dispensing aerosol products. With its long-lasting durability and pressure resistance, you can be sure that your products will remain safe and secure. Whether you need it for personal or industrial use, this product is a great choice.

Technical Parameters:

Technical Parameter	Description
Product Type	Aerosol Can
Application	Personal Care, Household, Automotive, Etc.
Size	Various Sizes Available
Actuator	Standard Or Customized
Pressure	High Pressure
Pressure Resistance	Up To 14 Bar
Function	Dispensing Aerosol Products
Durability	Long-lasting
Compatibility	Compatible With Most Aerosol Products
Customization	Available For Branding And Labeling

Our company offers custom tin can, engine oil tin can, and aerosol can making machine.

Applications:

This aerosol can is designed to withstand high pressure and is long-lasting, ensuring that your product is safely contained. It is also compatible with most aerosol products, making it versatile and useful for a variety of applications. Whether you need to dispense personal care products, household items, automotive sprays, or other aerosol products, this can is perfect for the job. Some scenarios where this Tinplate Aerosol Can can be applied include:

Aerosol Spray Paint: This product is an excellent choice for aerosol spray paints, providing a durable and reliable container for your product.

Personal Care: Items like hair spray, deodorant, and other personal care products can be easily dispensed with this aerosol can.

Household: Cleaning products, air fresheners, and other household items can be efficiently dispensed with this can, making it a convenient choice for most households.

Automotive: This product is ideal for automotive sprays, such as car wax, tire shine, and brake cleaner.

Beer Tin Can: This can is also suitable for beer cans, providing a durable and long-lasting container for your beer.

Overall, the Jiayi Tinplate Aerosol Can is an excellent choice for those looking for a high-quality and versatile aerosol can. Its durability, compatibility, and pressure resistance make it a reliable choice for a variety of applications.

Customization:

Our Tinplate Aerosol Can is long-lasting and can withstand high pressure. It has a capacity of 100ml-1000ml and is compatible with most aerosol products. We use state-of-the-art Aerosol Can Making Machine to produce our cans and ensure that they meet international standards.

Our product customization services also include customization of aerosol spray paint and aerosol spray valve according to the needs of our customers. Contact us today to customize your Tinplate Aerosol Can.

□

Support and Services:

Our Tinplate Aerosol Can comes with comprehensive technical support and services to ensure the best performance of the product. Our team of experts can provide assistance in the following areas:

Product design and customization

Material selection and testing

Quality control and assurance

Production process optimization
