Product Description

Product Description:

Whether you're using a spray bottle top, a volatile solution cap, or a pressurized container top, the Aerosol Can Dome is designed to keep your surroundings clean and safe. Its transparent design also allows you to quickly identify the contents of the can.

One of the best features of the Aerosol Can Dome is its durability. Made from high-quality plastic, it is designed to withstand regular use and can be reused multiple times. This means that you don't have to keep buying disposable caps every time you purchase a new aerosol can.

If you're not sure whether the Aerosol Can Dome is the right product for you, you can request a sample. This will allow you to try out the product before making a larger purchase.

Overall, the Aerosol Can Dome is a must-have accessory for anyone who uses aerosol cans regularly. It is a simple and effective solution that can help you avoid messy spills and protect you from accidental sprays.

The size of the Aerosol Can Dome is specifically designed to fit standard 16 oz aerosol cans. This means that you can easily use it with most aerosol cans on the market today.

Features:

This pressurized container top is designed to fit a standard 16 oz aerosol can. It is a plastic dome-shaped cap with a snap-on closure. The bursting pressure is ≥1.5MPa. The color is clear. This product is customizable and comes with a sample option. It is made in China and designed for spray can protection. This spray can cap is made of plastic and is a great alternative to traditional metal spray caps.

Applications:

Our aerosol can dome is designed to fit most metal spray caps and is perfect for use in a variety of occasions and scenarios. Below are some examples:

Automotive Workshops: Keep your spray can nozzles and caps safe from damage during repairs and maintenance. The Jiayi 002 is perfect for use in automotive workshops where aerosol cans are commonly used.

Construction Sites: Protect your spray can nozzles and caps from damage during construction work. The Jiayi 002 is ideal for use in construction sites where aerosol cans are used for painting and other tasks.

Industrial Workplaces: Keep your spray cans safe from accidental damage in industrial workplaces. The Jiayi 002 is ideal for use in factories and other industrial settings.

Household Use: Protect your spray can nozzles and caps from damage during household use. The Jiayi 002 is perfect for use around the house for tasks such as painting, cleaning, and lubrication.

The Jiayi 002 is available for customization with a minimum order quantity and price that depends on the number you order. The product is packaged in paper bags, cartons, stretch film, and wooden pallets. Delivery time is 3-5 days, and payment terms are all accepted. We offer samples for your convenience.

Choose the Jiayi 002 aerosol can dome for transparent protection of your metal spray cap. Order yours today!
