Product Description

Product Description:

Our aerosol can comes in a variety of sizes, ranging from 100ml to 1000ml, to accommodate different product volumes and applications. Whether you need a small can for travel-sized products or a larger can for industrial use, we have you covered.

One of the key features of our aerosol can is its customizability. We offer branding and labeling options to help you showcase your brand and products in a unique and eye-catching way. Whether you want to print your logo, product information, or any other design, we can make it happen.

Another feature that sets our aerosol can apart is the actuator. We offer both standard and customized actuators to suit your specific needs and preferences. Whether you need a fine mist or a powerful spray, we can customize the actuator to deliver the desired result. Our aerosol can is made of high-quality tinplate, which is known for its durability, corrosion resistance, and safety. We use advanced aerosol can making machines to ensure that our products meet the highest standards of quality and performance.

In addition to its functional benefits, our aerosol can also has a sleek and modern look that will complement any product line. If you are looking for a custom tin can for your coconut oil or other aerosol products, look no further than our Tinplate Aerosol Can.

Features:

Product Name: Tinplate Aerosol Can

Application: Personal Care, Household, Automotive, Etc.

Customization: Available For Branding And Labeling

Function: Dispensing Aerosol Products

Material: Tinplate

Actuator: Standard Or Customized

This Tinplate Aerosol Can is a versatile product that can be used for various applications such as personal care, household, automotive, and more. It is made of sturdy and durable tinplate material that ensures longevity and protection of the contents stored inside. The standard or customized actuator makes it easy to dispense aerosol products with ease.

Moreover, this product is perfect for industrial aerosol products such as industrial aerosols and aerosol spray car wax. It is available for branding and labeling, allowing businesses to personalize and promote their products with their own logos and designs.

Applications:

The Jiayi 004 Tinplate Aerosol Can is also suitable for packaging beer due to its pressure resistance. The can is easy to transport and

can be customized to fit the needs of different customers. The packaging details include paper bags, cartons, stretch films, and wooden pallets, ensuring that the product is well protected during transportation. Furthermore, the Jiayi 004 Tinplate Aerosol Can is perfect for aerosol spray car wax. The can's pressure resistance enables it to withstand the pressure of the aerosol spray, ensuring that the wax is dispensed smoothly. The can is available for purchase with no minimum order quantity, and the price is dependent on the number ordered. The delivery time for the product is three to five days, and all payment terms are accepted. In summary, the Jiayi 004 Tinplate Aerosol Can is a versatile product suitable for various applications such as industrial aerosol products, beer tin can, and aerosol spray car wax. Its pressure resistance, durable material, and customizable options make it an excellent packaging solution for customers. The product is easy to transport, and the packaging details ensure that the cans are protected during transportation.

Customization:

Our Jiayi brand aerosol cans (model number 004) are fully customizable to meet your needs. Our cans are manufactured in China and have ISO9001 certification for quality assurance.

The minimum order quantity can be customized to fit your requirements and the price will depend on the number of cans ordered. Our cans come in a variety of packaging options including paper bag, carton, stretch film, or wooden pallet.

Delivery time is quick, with orders typically being fulfilled within 3-5 days. Payment terms are flexible and we accept all forms of payment. Our aerosol cans are compatible with most aerosol products and come in a range of capacities from 100ml to 1000ml. They are perfect for personal care, household, automotive, and industrial aerosols.

Our cans are designed for high pressure and can be used with engine oil, industrial aerosols, and other products that require a reliable and sturdy container.

Packing and Shipping:

Product Packaging:

The Tinplate Aerosol Can product will be packaged in a sturdy cardboard box to prevent any damage during transportation. Each can will be individually wrapped in a plastic sleeve to protect it from scratches and dents. The box will also be labeled with the product information and handling instructions for easy identification and safe handling.

Shipping:

The Tinplate Aerosol Can product will be shipped via ground transportation to ensure safe and timely delivery. We will use a reliable shipping carrier to ensure that the product reaches its destination in good condition. Customers will be provided with a tracking number to monitor the progress of their shipment.
