## Applications:

The Jiayi FD001 Easy Open End is a high-quality product made of durable tinplate material, which ensures that it can withstand the rigors of transportation and handling. With its smooth tinplate closure, this product is perfect for canning and preserving food items.

Thanks to its superior quality, the Jiayi FD001 Easy Open End has a wide range of product application occasions and scenarios:

**Home Canning:** The Easy Open End is perfect for home canning enthusiasts who want to ensure that their food items stay fresh and delicious for an extended period. The smooth tinplate closure ensures that the lid is easy to open and close, making the canning process simple and hassle-free.

**Food Processing:** The Jiayi FD001 Easy Open End is an ideal solution for food processing companies that require a reliable and durable packaging solution for their products. The tinplate material ensures that the Easy Open End can withstand the rigors of transportation and handling, while the smooth tinplate closure ensures that the lid stays securely in place during transit.

**Restaurant and Catering:** The Easy Open End is perfect for restaurants and catering companies that require a reliable and easy-to-use packaging solution for their food items. The smooth tinplate closure ensures that the lid is easy to open and close, making it easy for customers to access the food items inside.

**Retail:** The Jiayi FD001 Easy Open End is a great option for retailers looking to offer their customers a high-quality packaging solution for their food items. The silver color of the Easy Open End is sleek and modern, making it an attractive addition to any retail display.

The Jiayi FD001 Easy Open End is produced in China and is certified to ISO9001:2015 standards, ensuring that it meets the highest quality standards. The minimum order quantity can be customized, and the price depends on the number of units ordered. The packaging details include paper bag, carton, stretch film, and wooden pallet, ensuring that the Easy Open End is protected during shipping and handling.

Overall, the Jiayi FD001 Easy Open End is a versatile and reliable packaging solution for a wide range of food items. Its durable tinplate material, smooth tinplate closure, and customizable packaging options make it an excellent choice for any business looking for a high-quality packaging solution.

## Packing and Shipping:

Product Packaging:

The Easy Open End product will be packaged in a sturdy cardboard box to ensure product safety during shipping and handling. Each box will contain 500 Easy Open Ends, wrapped securely in plastic to prevent any damage during transport.

Shipping:

Orders for the Easy Open End product will be shipped via standard ground shipping. Customers can expect their order to arrive within 5-7 business days from the date of purchase. Expedited shipping options are also available for an additional fee.
