High Pressure Empty Aerosol Tin Can Components Lids Supplier Aerosol Tin Can With Lid

Our Product Introduction

for more products please visit us on jiayi-packaging.com

Basic Information

- Place of Origin: Tianjin China
- Brand Name: Jiayi
- Certification: ISO9001:2015
- Model Number: components
- Packaging Details: PALLET
- Delivery Time: 10-15 DAYS

Product Specification

- Country Of Origin: China
- Product Type: Aerosol Can
- Product Name: AEROSOL COMPONENT
- Material: Tinplate
- Type: For AEROSOL CANS
- Usage: Aerosol
- Deformation Pressure: $\geq 1.8\text{MPa}$
- Highlight: Lids Aerosol Tin Can Components,
High Pressure Aerosol Tin Can Components,
Empty Aerosol Tin Can Components

Product Description:

This aerosol can is a part of the Jiayi brand, known for their exceptional quality and attention to detail. You can trust that this product will meet and exceed your expectations.

The Jiayi Aerosol Can Cone is specifically designed for aerosol components, making it the ideal choice for a variety of applications. Whether you are packaging cosmetics, household cleaners, or automotive products, this can is designed to meet your needs.

The can components are carefully crafted to ensure maximum functionality and ease of use. The cone-shaped design is perfect for dispensing aerosol products, while the durable construction ensures that the can will not deform under pressure.

Speaking of pressure, the Jiayi Aerosol Can Cone has a deformation pressure of $\geq 1.8\text{MPa}$, meaning it can withstand even the most extreme conditions and pressures. You can trust that your product will remain safe and secure, no matter where it is used or stored.

If you are unsure if the Jiayi Aerosol Can Cone is the right fit for your product, we offer samples for you to test and evaluate. We are confident that you will be satisfied with the quality and performance of this aerosol component.

Don't settle for anything less than the best when it comes to your aerosol packaging needs. Choose the Jiayi Aerosol Can Cone for a superior product that will exceed your expectations.

Features:

Product Name: Aerosol Can Cone -----

Thickness: 0.28/0.32/0.35/0.40

Product Type: Spray Aerosol can

Place of Origin: Tianjin, China

Usage: Aerosol

Material: TINPLATE

Manufactured by Jiayi

Technical Parameters:

Type:	Spray Aerosol can
Thickness:	0.28/0.32/0.35/0.40
Product Type:	Aerosol Can
Place of Origin:	Tianjin,China
Country Of Origin:	China
Usage:	Aerosol
Sample:	AVAILABLE
Product name:	AEROSOL COMPONENT
Material:	TINPLATE
Brand Name:	Jiayi

Applications:

The Jiayi Aerosol Component is designed for use in a wide range of industries, including cosmetics, automotive, household, and industrial applications. This product is ideal for packaging and storing various types of aerosol products, including sprays, foams, and gels. With its high deformation pressure of $\geq 1.8\text{MPa}$, the Jiayi Aerosol Component is built to withstand pressure and resist deformation, making it the perfect solution for storing and transporting your aerosol products.

The Jiayi Aerosol Component is available in various sizes and shapes to meet the diverse needs of different industries. Whether you need a small aerosol can for your cosmetics business or a larger can for your industrial applications, Jiayi has got you covered. This product comes in pallet packaging for easy handling and delivery, with a delivery time of 10-15 days.

One of the key features of the Jiayi Aerosol Component is its availability of samples. This allows you to test the product before making a bulk purchase, giving you the confidence that you are making the right decision. With its country of origin being China, you can be assured of its quality and durability.

In conclusion, the Jiayi Aerosol Component is a top-quality product that is perfect for various application occasions and scenarios, including cosmetics, automotive, household, and industrial applications. Made from durable tinplate material and manufactured in Tianjin, China, under strict quality control measures and ISO9001:2015 certification, this product is sure to meet your needs. So why not try the Jiayi Aerosol Component today and experience the difference for yourself?

Customization:

Our product, the AEROSOL COMPONENT, is made of high-quality TINPLATE material and designed to withstand a deformation pressure of at least 1.8MPa . As a Jiayi brand product, it is manufactured with precision and care in Tianjin, China and is certified to meet ISO9001:2015 standards.

Our product is customizable to meet your specific needs. We offer product customization services that include packaging details on pallets and delivery within 10-15 days.

Choose our Can Components for your aerosol needs and experience the high-quality performance that Jiayi is known for.
