## Aerosol Tinplate Flip Top Cap Cone & Dome Round Plastic Components For Metal Cans Tinplate Cone & Dome For Aerosol Packing

Our Product Introduction

for more products please visit us on [jiayi-packaging.com](http://jiayi-packaging.com)

### Basic Information

- Place of Origin: Tianjin China
- Brand Name: Jiayi
- Certification: ISO9001:2015
- Model Number: components
- Packaging Details: PALLET
- Delivery Time: 10-15 DAYS

### Product Specification

- Usage: Aerosol
- Country Of Origin: China
- Type: For AEROSOL CANS
- Thickness: 0.28/0.32/0.35/0.40
- Material: Tinplate
- Industrial Use: Chemical
- Highlight: **Aerosol Tinplate Flip Top Cap Cone, Aerosol Packing Tinplate Cone, Metal Cans Tinplate Cone**

Product Description:

Made in China, this high-quality aerosol can is constructed from durable tinplate material, ensuring long-lasting use and protection against corrosion. Its robust design makes it the ideal option for industrial use in the chemical industry.

The AEROSOL COMPONENT is suitable for a variety of aerosol products, making it a versatile option for your business needs. Its user-friendly design allows for easy and precise spraying, ensuring that your products are delivered accurately and effectively every time.

Whether you need to package and distribute paint, lubricants, or other chemical products, the AEROSOL COMPONENT is the perfect choice. Its compact size and easy-to-use design make it a convenient option for both storage and transportation, making it a must-have for any business in the chemical industry.

Investing in the AEROSOL COMPONENT means investing in a reliable and durable product that will help you deliver your aerosol products with ease and precision. Its sturdy construction and efficient design make it a great option for any business looking to streamline their aerosol packaging process.

In summary, the AEROSOL COMPONENT is a high-quality tinplate spray aerosol can that is perfect for industrial use in the chemical industry. Made in China, it is a reliable and durable option that offers precise spraying for a variety of aerosol products. Whether you need to package and distribute paints, lubricants, or other chemical products, the AEROSOL COMPONENT is the perfect choice for your business needs.

Features:

Product Name: Aerosol Can Cone -----

Industrial Use: Chemical

Product Type: Aerosol Can

Material: Tinplate

Thickness: 0.28/0.32/0.35/0.40

Product name: AEROSOL COMPONENT

Manufactured by Jiayi

Technical Parameters:

Deformation Pressure -----	≥1.8MPa
Thickness	0.28/0.32/0.35/0.40
Brand Name	Jiayi
Industrial Use	Chemical

Sample	AVAILABLE
Usage	Aerosol
Place of Origin	Tianjin, China
Country of Origin	China
Product Name	AEROSOL COMPONENT
Type	For AEROSOL CANS
Can Components	TINPLATE

## Applications:

1. Household cleaning: The Jiayi Aerosol Can Cone is perfect for household cleaning. It can be used to spray disinfectants, air fresheners, and other cleaning products. The compact design of the can makes it easy to use and store.

2. Automotive: The Jiayi Aerosol Can Cone is ideal for automotive applications. It can be used to spray lubricants, rust inhibitors, and other automotive products. The cone shape of the can makes it easy to reach difficult areas.

3. Industrial: The Jiayi Aerosol Can Cone is suitable for industrial applications. It can be used to spray paints, coatings, and other industrial products. The durable tinplate material ensures that the can can withstand harsh industrial environments.

4. DIY: The Jiayi Aerosol Can Cone is perfect for DIY enthusiasts. It can be used to spray paints, varnishes, and other DIY products. The compact design of the can makes it easy to use and store.

The Jiayi Aerosol Can Cone is manufactured in Tianjin, China and is certified by ISO9001:2015. It is available for sample and is packaged in pallets for delivery. The delivery time for the product is 10-15 days. The Jiayi Aerosol Can Cone is a high-quality aerosol component that is perfect for different application occasions and scenarios.

## Customization:

Product Customization Services:

Brand Name: Jiayi

Model Number: components

Place of Origin: Tianjin, China

Certification: ISO9001:2015

Packaging Details: PALLET

Delivery Time: 10-15 DAYS

Usage: Aerosol

Product Type: Aerosol Can

Material: TINPLATE

Product name: AEROSOL COMPONENT

We offer product customization services for our AEROSOL COMPONENT. You can customize the product according to your specific requirements. The components are made of high-quality TINPLATE material. Our product has ISO9001:2015 certification and is produced in our facility in Tianjin, China. The product is packaged in PALLET and has a delivery time of 10-15 days.

Can Components are an essential part of the aerosol can and play a crucial role in its functioning. Our AEROSOL COMPONENT is designed to meet the highest standards of quality and durability. With our product customization services, you can get the perfect components for your aerosol can.
