Compatibility: Fits Most Standard Food Cans
Usage: Food/Chemical/Industrial
Lid Type: Full Open/Partial Open
Feature: Eco-friendly
Easy Open End
Lid Ring Bottom

Applications:

The Jiayi Tinplate Can Lids are perfect for food, chemical, and industrial purposes. For food, the lids are designed to keep your food fresh and prevent spills. Whether you are storing leftovers in the fridge or transporting food to a picnic, these lids can ensure that your food stays fresh and secure. Additionally, the eco-friendly feature makes them a great choice for those who are environmentally conscious. For chemical and industrial usage, the Jiayi Tinplate Can Lids provide a layer of protection for your products. The lids are coated with varnishing or lamination, making them durable and resistant to corrosion. They can be used for packaging chemicals, paints, and other industrial products to prevent leakage and ensure safety.

The Jiayi Tinplate Can Lids come in two types: full open and partial open. The full open lid is designed for easy access to the contents of the can, while the partial open lid is ideal for pouring liquids or powders. Both types of lids are easy to use and secure.

In conclusion, the Jiayi Tinplate Can Lids are a versatile product that can be used in various occasions and scenarios. They are coated with eco-friendly varnishing or lamination, making them a sustainable choice for those who care about the environment. Whether you need to store food, package chemicals, or transport industrial products, the Jiayi Tinplate Can Lids are a reliable solution that can keep your products fresh and secure.

Customization:

Our Tinplate Can Lids, under the brand name Jiayi, are a great choice for your food, chemical, or industrial needs. Made from high-quality coated tinplate material, our Food Cover model is designed with an Easy Open End feature for convenience in opening and closing. Not only that, but these lids are also great at keeping food fresh and preventing spills.

Our Tinplate Can Lids are proudly made in Tianjin, China, and are eco-friendly. They are durable and reliable, making them perfect for everyday use in your home or business.
