## Product Description

### Product Description:

Our Aerosol Can Cone is manufactured in Tianjin, China, the world's largest tinplate production base. We take pride in our product's quality, which has earned us the ISO9001 certification. Our team of experts ensures that every cone is manufactured to meet the highest standards, making it an ideal choice for spray aerosol can manufacturers.

We understand the importance of branding, and that's why we offer a customized logo design service. Our clients can have their logos imprinted on the cones, giving their products a unique identity.

The Aerosol Can Cone is a crucial component in the production of spray aerosol cans, as it ensures the can's stability and safety during transportation and storage. It is designed to fit perfectly on the aerosol can, making it easy to assemble.

In conclusion, the Aerosol Can Cone is a reliable and durable component that guarantees the safety and stability of spray aerosol cans during production, transportation, and storage. Our product is made of high-quality tinplate, manufactured in Tianjin, China, and comes with a customized logo design service. Its thickness of 0.18-0.43mm and ISO9001 certification make it an ideal choice for spray aerosol can manufacturers worldwide.
