Product Description

Product Description:

The Aerosol Can Cone is a vital component in the production of spray cans. It is responsible for shaping the can and providing a secure seal for the contents. Jiayi's cones are made with a thickness of 0.18-0.43mm, ensuring that they are strong and durable enough to withstand the rigors of shipping and storage.

Whether you are a manufacturer of spray aerosol cans or a supplier of can components, Jiayi's Aerosol Can Cone is an essential product for your business. Our cones are designed to fit perfectly with our other can components, ensuring a smooth and efficient production process.

At Jiayi, we are committed to providing our customers with the highest quality products at competitive prices. Our Aerosol Can Cone is no exception. We use only the best materials and manufacturing processes to ensure that our cones meet the highest standards of quality and durability.

If you are looking for a reliable supplier of can components, look no further than Jiayi. Our Aerosol Can Cone is just one example of the high-quality products we offer. Contact us today to learn more about our full range of can components and how we can help your business succeed.

In summary, the Aerosol Can Cone from Jiayi is an essential component for the production of spray aerosol cans. It is available in several colors including Clear Varnish and Gold Lacquered, and is made with a thickness of 0.18-0.43mm. As with all of our products, the Aerosol Can Cone is made with the highest quality materials and manufacturing processes, ensuring that it meets the highest standards of quality and durability. Contact Jiayi today to learn more about how we can help your business succeed.

Features:

Product Name: Aerosol Can Cone

Can Components: Aerosol Top And Bottom Lids For Spray Cans

Brand: Jiayi

Color: Clear Varnish, Gold Lacquered Or Etc.

Certificate: ISO9001

Usage: Spray Aerosol can

Thickness: 0.18-0.43mm

This product is made by Jiayi and is made of TINPLATE.

Applications:

As a trusted brand in the industry, Jiayi ensures that all of its products, including the Aerosol Can Cone, meet the strictest standards. This includes the ISO9001:2015 certification, which guarantees that the product is manufactured with the highest quality materials and processes.

The Jiayi Aerosol Can Cone is made from durable and corrosion-resistant tinplate, which ensures the longevity of the product and protects the contents from external factors. Its design allows for easy filling and dispensing of aerosol products, making it an essential component for any chemical manufacturer or supplier.

Whether you're in the automotive, household, or industrial cleaning industry, the Jiayi Aerosol Can Cone is an ideal product for your packaging needs. It comes with PALLET packaging details, ensuring that your order is delivered to you safely and securely. And with a delivery time of 10-15 days, you can rest assured that your order will arrive on time.

Overall, the Jiayi Aerosol Can Cone is an indispensable component for any business in the chemical industry. Its high-quality tinplate construction, coupled with its round can shape, makes it perfect for storing and dispensing aerosol products. So why wait? Order your Jiayi Aerosol Can Cone today and experience the difference in quality and durability!
