### Applications:

Jiayi Easy Open End FD001 is a high-quality product made of tinplate, originating from Tianjin, China. With ISO9001:2015 certification, this product ensures top-notch quality and reliability.

The easy open end is designed for full open functionality, making it convenient for accessing the contents of canned food quickly and easily. The Saferim edge provides added safety during opening, giving consumers peace of mind.

These easy open ends are versatile and can be used in a variety of product application occasions and scenarios. They are ideal for packaging canned food products, such as fruits, vegetables, meats, and more.

Whether you are a food manufacturer, distributor, or retailer, the Jiayi Easy Open End FD001 is a must-have packaging solution. It can be customized to meet your specific needs, with a flexible minimum order quantity and pricing based on the quantity ordered.

For packaging, the easy open ends can be supplied in various packaging details such as paper bags, carton boxes, stretch film, or

wooden pallets. This allows for easy handling and storage, ensuring that your products are well-protected during transit. Overall, the Jiayi Easy Open End FD001 is a reliable and efficient packaging solution that is suitable for a wide range of product application occasions. With its round shape, full open functionality, and safety features, this product is sure to meet your packaging needs and exceed your expectations.
