**Product Description:**

The Aerosol Can Cone product, also known as the Components Aerosol Top And Bottom Lids For Spray Cans, is an essential AEROSOL COMPONENT for use with aerosol cans. These Can Components are designed to provide a secure and reliable closure for aerosol cans, ensuring the contents are safely contained within the can.

Manufactured in Tianjin, China, these Can Components are crafted with precision and attention to detail. The high-quality materials used in their production ensure durability and long-lasting performance, meeting the stringent requirements of the aerosol industry.

With a thickness ranging from 0.18mm to 0.43mm, these Can Components offer a robust and sturdy construction that can withstand the rigors of handling and transportation. The precise engineering of these components guarantees a secure fit on aerosol cans, preventing any leakage or damage to the contents.

One of the key features of these Can Components is the option for Customized Printing. This allows for branding and labeling on the aerosol cans, enhancing product visibility and brand recognition. Whether it's a logo, product information, or instructions, the Customized Printing option adds a personalized touch to the aerosol cans.

Whether you are packaging paints, lubricants, air fresheners, or other aerosol products, these Can Components are the ideal choice to ensure proper sealing and protection. Their versatility and compatibility make them suitable for a wide range of aerosol applications, catering to various industries and product types.

When it comes to quality, reliability, and performance, the Aerosol Can Cone product stands out as a top choice for manufacturers and suppliers in the aerosol industry. The meticulous craftsmanship and attention to detail in the production of these Can Components make them a preferred option for ensuring the integrity of aerosol products.

Choose the Components Aerosol Top And Bottom Lids For Spray Cans for your aerosol packaging needs and experience the superior quality and functionality that these Can Components offer. Made in Tianjin, China, these components exemplify precision engineering and excellence in design, setting the standard for AEROSOL COMPONENTS in the industry.

**Features:**

Product Name:	Empty Aerosol Tin Cans
Material:	Metal tinplate
Size:	Standard/Custom(height can be adjusted)
Application:	Personal care,Painting,Aerosol, Travel, Party
Color:	White,White silver,plain or customized CMYK
Capacity:	Standard/Custom

Commercial Buyer:	Personal care,Painting,Aerosol, Travel, Party
Packing:	Carton,pallet or as customer's request
Deformation pressure:	≥1.2Mpa
Type:	Necked-in / Straight Wall
Coating:	Clear / Gold / White
Industrial use:	Car/Motorcycle /Car care/Chemical/Food

## Applications:

The Jiayi Aerosol Can Cone is a versatile product designed for a wide range of product application occasions and scenarios. Made from high-quality tinplate, this aerosol component is a reliable choice for various industries due to its durability and functionality. The Jiayi brand is known for its commitment to quality and innovation, making it a trusted choice for businesses worldwide.

With model numbers available in Dia 45/49/52/57/65/70mm, the Jiayi Aerosol Can Cone can be customized to suit different needs and requirements. Whether used for personal care products, household cleaners, automotive sprays, or industrial solutions, this product is suitable for a variety of packaging needs.

Hailing from Tianjin, China, the Jiayi Aerosol Can Cone is manufactured in a facility with ISO9001:2015 certification, ensuring that it meets high standards of quality and safety. The packaging details include pallet packaging for secure transportation and storage, making it convenient for businesses to handle bulk orders.

Customers can expect a quick delivery time of 10-15 days, allowing for efficient supply chain management and timely product launches.

The round shape of the cans provides a classic and functional design that is easy to handle and use in different settings.

Businesses have the option to customize the Jiayi Aerosol Can Cone with their logo, enhancing brand visibility and recognition. The ISO9001 certification further solidifies the product's quality and compliance with international standards, giving customers peace of mind. Overall, the Jiayi Aerosol Can Cone is a top choice for businesses looking for a reliable, customizable, and quality aerosol component. Its tinplate construction and versatile model options make it suitable for a wide range of product application occasions and scenarios, making it a valuable addition to any packaging solution.

## FAQ:

**Q: What is the brand name of the Aerosol Can Cone product?**

**A: The brand name of the Aerosol Can Cone product is Jiayi.**

**Q: What is the model number of the Aerosol Can Cone product?**

**A: The model number of the Aerosol Can Cone product is Components.**

**Q: Where is the Aerosol Can Cone product manufactured?**

**A: The Aerosol Can Cone product is manufactured in Tianjin, China.**

**Q: What certification does the Aerosol Can Cone product have?**

**A: The Aerosol Can Cone product is certified with ISO9001:2015.**

**Q: How are the Aerosol Can Cone products packaged?**

**A: The Aerosol Can Cone products are packaged on PALLETs.**

**Q: What is the typical delivery time for the Aerosol Can Cone product?**

**A: The typical delivery time for the Aerosol Can Cone product is 10-15 days.**
