Features:

Product Name: Easy Open End

Ring Thickness: 0.45 mm

Use: Canned Food

Open Type: Full Open

Application: Food Can

Shape: Round

Applications:

Jiayi's Easy Open End product, model number FD001, is a versatile packaging solution suitable for a wide range of product application occasions and scenarios. With ISO9001:2015 certification, this product guarantees quality and reliability for various industries. The Easy Open End is a perfect fit for packaging in the food can industry, offering convenience and safety with its Saferim Edge feature. Whether used for canned fruits, vegetables, or other food items, this product ensures easy access and full open functionality. Businesses looking to customize their packaging can benefit from the Easy Open End's compatibility with different packing options such as carton box or pallet. The packaging details include paper bag, carton, stretch film, and wooden pallet, providing flexibility to meet

specific needs.

With a minimum order quantity that can be customized, Jiayi's Easy Open End offers scalability for businesses of all sizes. The pricing varies depending on the number ordered, making it a cost-effective choice for both small and large-scale operations.

Branding is made easy with the option for logo printing or embossing customization on the Easy Open End, allowing companies to enhance their product packaging with their unique identity. The use of tinplate material ensures durability and protection for the packaged goods.

In summary, the Easy Open End by Jiayi is a reliable packaging solution suitable for food can industry applications. Whether used for canned goods in carton boxes or customized packaging, this product offers safety, convenience, and branding opportunities for businesses looking to enhance their product presentation.
