### Features:

Product Name: Easy Open-End  
 Usage: Canned Food Packaging  
 Shape: Round  
 Ring Thickness: 0.45 mm  
 Open Instruction: Without  
 Logo Printing: Customizable

### Applications:

Jiayi's Easy Open End product, model FD001, is a versatile packaging solution that is suitable for a wide range of product application occasions and scenarios. With its ISO9001:2015 certification, this product ensures quality and reliability in various industries. The Easy Open End is perfect for use in the food can industry, specifically for canned food products. Its easy-to-open design makes it convenient for consumers to access the contents of the can quickly and efficiently. The product's ring thickness of 0.45mm provides durability and strength, ensuring that the can is securely sealed until it is ready to be opened. The Easy Open End can withstand pressures of up to 0.15Mpa, making it suitable for a variety of packaging needs. Whether you require customized packaging or prefer standard options such as paper bag, carton box, stretch film, or wooden pallet, Jiayi's Easy Open End can be tailored to meet your specific requirements. The minimum order quantity can be customized based on your needs, and pricing will vary depending on the quantity ordered. Additionally, the Easy Open End allows for customizable logo printing, giving you the opportunity to promote your brand and enhance product visibility. This feature is especially beneficial for businesses looking to establish a strong brand presence in the market. In conclusion, Jiayi's Easy Open End product is a reliable and efficient packaging solution for food can applications. Its versatility, durability, and customizable options make it an ideal choice for various packaging needs. Whether you are in need of secure packaging for canned food products or require easy-to-open lids for other applications, the Easy Open End is a practical and cost-effective solution.
