## 100% Manugafacturer Spray Can Cap Dome Advantage Tinplate Lid

Our Product Introduction

for more products please visit us on [jiayi-packaging.com](http://jiayi-packaging.com)

### Basic Information

- Place of Origin: Tianjin China
- Brand Name: Customized
- Certification: ISO9001
- Model Number: Aerosol Can Dome
- Minimum Order Quantity: Can Be Customized
- Price: Depending On The Number
- Packaging Details: Paper Bag/carton/stretch Film/wooden Pallet
- Delivery Time: 3-5 Days
- Payment Terms: All
- Supply Ability: 10000/day

### Product Specification

- PAYMENT TERM: 30% Deposit T/T Advance
- Surface Handling: Offset Printing
- Usage: Cone And Dome For Aerosol Can
- Surface Finishing: Polished
- Printing Handling: Offset Lithography
- Advantage: 100% Manugafacturer
- Highlight: **Spray Can Cap, Dome Spray Can Cap, tinplate lid spray can cap**

## Product Description

### Product Description:

The Aerosol Can Dome is a crucial component for sealing and protecting aerosol cans, also known as aerosol container lids or pressurized container tops. This product is designed for industrial use, specifically in the chemical industry, ensuring that the contents of the aerosol cans are securely enclosed and preserved.

One of the key features of the Aerosol Can Dome is its versatility in usage. This dome serves as a cone and dome for aerosol cans, offering a reliable and efficient solution for sealing the cans and preventing any leakage or contamination of the contents.

Customization is a significant aspect of the Aerosol Can Dome product. Businesses have the opportunity to showcase their brand by opting for customized logo printing on the dome. This not only enhances brand visibility but also adds a professional touch to the final product.

Provided freely to businesses in need of high-quality aerosol cans caps, the Aerosol Can Dome is a cost-effective and practical choice for companies operating in the chemical industry. Its durable construction and secure fit make it an essential accessory for ensuring the safety and integrity of aerosol cans during storage and transportation.

When it comes to choosing a reliable and efficient solution for sealing aerosol cans, the Aerosol Can Dome stands out as a top choice. Its customizable features, industrial-grade materials, and seamless functionality make it an indispensable product for businesses looking to maintain the quality and safety of their aerosol products.

### Features:

Product Name: Aerosol Can Dome

Size: Diameter 45/52/57/60/65/70mm

Logo: Customized Logo Printing

Place of Origin: Tianjin, China

PAYMENT TERM: 30% Deposit T/T Advance

Brand Name: Customized

### Technical Parameters:

Usage	Cone And Dome For Aerosol Can
PAYMENT TERM	30% Deposit T/T Advance
Place of Origin	Tianjin,China
Surface finishing	Polished
Printing Handling	Offset Lithography
Product name	Empty Aerosol Can Components
Sample	Provided Freely
Size	Diameter 45/52/57/60/65/70mm
Thickness	0.19-0.40mm
Shape	Dome

### Applications:

The Customized Aerosol Can Dome is a versatile product that can be used in various application occasions and scenarios. Its design and features make it suitable for a wide range of uses, making it a popular choice for many consumers.

One of the primary application occasions for the Aerosol Can Dome is as a Pressurized container top. Its dome shape and durable metal construction make it ideal for securely sealing pressurized containers such as aerosol cans. The Aerosol Can Dome effectively keeps the contents of the container safe and secure, preventing leaks and spills.

Another common scenario where the Aerosol Can Dome is used is as an Air freshener cover. The dome shape of the cap provides a stylish and functional way to cover air freshener containers, enhancing the overall aesthetic appeal of the product. The Aerosol Can Dome also helps in dispersing the fragrance evenly, ensuring a pleasant and long-lasting scent.

Additionally, the Aerosol Can Dome can be utilized as a Volatile solution cap. Its surface finishing with polished tinplate gives it a sleek and professional look, making it a suitable choice for sealing volatile solutions securely. The offset printing surface handling allows for customization, making it easy to brand the product according to specific requirements.

With its origin in Tianjin, China, the Aerosol Can Dome meets high-quality standards and is certified with ISO9001. The product offers flexibility with customizable minimum order quantities and pricing depending on the number of units ordered. The packaging details include paper bag, carton, stretch film, and wooden pallet, ensuring safe transportation and storage.

Customers can enjoy a quick delivery time of 3-5 days, with various payment terms accepted. The Aerosol Can Dome boasts a supply ability of 10000 units per day, making it readily available for bulk orders. Its durable metal construction, unique shape, and versatile applications make it a valuable product for a wide range of industries and uses.
