

Offset Lithography Printing Aerosol Can Dome For Chemical Industry And Industrial

Our Product Introduction

for more products please visit us on jiayi-packaging.com

Basic Information

- Place of Origin: Tianjin China
- Brand Name: customized
- Certification: ISO9001
- Model Number: Aerosol Can Dome
- Minimum Order Quantity: Can Be Customized
- Price: Depending On The Number
- Packaging Details: Paper Bag/carton/stretch Film/wooden Pallet
- Delivery Time: 3-5 Days
- Payment Terms: All
- Supply Ability: 10000/day

Product Specification

- Surface Finishing: Polished
- Thickness: 0.19-0.40mm
- Metal Type: TINPLATE
- Product Name: Empty Aerosol Can Components
- Industrial Use: Chemical
- Advantage: 100% Manufacturer
- Packaging: Pallet Packaging
- Usage: Cone And Dome For Aerosol Can
- Highlight: **Aerosol Can Dome for Chemical Industry,
Offset Lithography Aerosol Can Dome,
Industrial Aerosol Can Dome**

Product Description

Product Description:

The Aerosol Can Dome is a versatile product designed to serve as the perfect lid for aerosol containers, metal spray caps, and spray bottle tops. This product is available in various sizes to accommodate different diameter requirements, including 45mm, 52mm, 57mm, 60mm, 65mm, and 70mm. The range of sizes ensures compatibility with a wide range of aerosol can designs, providing flexibility for various packaging needs.

Manufactured with a thickness ranging from 0.19mm to 0.40mm, the Aerosol Can Dome offers durability and strength to securely seal aerosol containers, ensuring the contents are protected during storage and transportation. The sturdy construction of this product makes it ideal for industrial use, particularly in the chemical sector where reliable packaging solutions are essential.

Designed for pallet packaging, the Aerosol Can Dome is efficient for large-scale production and distribution. The packaging process is streamlined, allowing for easy handling and transportation of bulk quantities. This packaging method not only ensures convenience but also helps in optimizing storage space and minimizing logistic costs.

With a polished surface finishing, the Aerosol Can Dome boasts a sleek and professional appearance. The smooth finish enhances the overall aesthetic appeal of the aerosol containers, metal spray caps, or spray bottle tops, adding a touch of sophistication to the final product. Additionally, the polished surface contributes to the product's corrosion resistance, ensuring long-lasting quality and performance.

Whether you are in the chemical industry or require reliable packaging solutions for aerosol products, the Aerosol Can Dome is a dependable choice that meets the highest standards of quality and functionality. Its versatile design, range of sizes, durable construction, pallet packaging compatibility, and polished surface finishing make it a top-tier option for sealing aerosol containers effectively.

Features:

Product Name: Aerosol Can Dome

Packaging: Pallet Packaging

Thickness: 0.19-0.40mm

PAYMENT TERM: 30% Deposit T/T Advance

Printing Handling: Offset Lithography

Surface finishing: Polished

Technical Parameters:

Surface finishing	Polished
Sample	Provided Freely
Shape	Dome
Place of Origin	Tianjin, China
Surface Handling	Offset Printing
Product name	Empty Aerosol Can Components
Size	Diameter 45/52/57/60/65/70mm
Logo	Customized Logo Printing
Printing Handling	Offset Lithography
Packaging	Pallet Packaging

Applications:

When it comes to the application occasions and scenarios for the Aerosol Can Dome product, the possibilities are diverse and practical. This innovative product, also known as an Air Freshener Cover, Spray Can Cap, or Pressurized Spray Top, is a versatile solution that can be utilized in various settings.

Whether you are in the household cleaning industry, automotive sector, or personal care market, the Aerosol Can Dome is a valuable accessory. Its dome shape and surface handling through offset printing make it an ideal choice for branding and customization. The ability to have your logo printed on the dome adds a professional touch and promotes brand recognition.

Considering its place of origin in Tianjin, China, you can trust in the product's quality as it comes with ISO9001 certification. The advantage of being 100% manufacturer ensures that you are getting a reliable and consistent product. Additionally, the supply ability of 10000 units per day means you can count on a steady stream of inventory.

With a minimum order quantity that can be customized to suit your specific needs, the Aerosol Can Dome offers flexibility in terms of procurement. The pricing, depending on the number of units ordered, allows for cost-effective solutions for businesses of all sizes. The packaging details, which include paper bag, carton, stretch film, and wooden pallet, ensure safe and secure delivery of the product. For delivery, you can expect a quick turnaround time of 3-5 days, making it convenient for urgent orders or restocking needs. The payment terms are flexible, accommodating various preferences and making transactions hassle-free.
