## Customized Logo Printing Aerosol Cans Cap TINPLATE Material For Professional Packaging

Our Product Introduction

for more products please visit us on [jiayi-packaging.com](http://jiayi-packaging.com)

### Basic Information

- Place of Origin: Tianjin China
- Brand Name: Customized
- Certification: ISO9001
- Model Number: Aerosol Can Dome
- Minimum Order Quantity: Can Be Customized
- Price: Depending On The Number
- Packaging Details: Paper Bag/carton/stretch Film/wooden Pallet
- Delivery Time: 3-5 Days
- Payment Terms: All
- Supply Ability: 10000/day

### Product Specification

- Surface Handling: Offset Printing
- Logo: Customized Logo Printing
- Industrial Use: Chemical
- Product Name: Empty Aerosol Can Components
- PAYMENT TERM: 30% Deposit T/T Advance
- Usage: Cone And Dome For Aerosol Can
- Shape: Dome
- Highlight: **TINPLATE Aerosol Cans Cap,**  
**Customized Aerosol Cans Cap**

## Product Description

### Product Description:

The Aerosol Can Dome product is an essential component of aerosol cans, specifically designed to provide a secure and reliable closure for various aerosol containers. As a 100% Manufacturer, we take pride in ensuring the highest quality standards for our products, including the Aerosol Can Dome.

Designed for Industrial Use in the Chemical sector, the Aerosol Can Dome is manufactured with a thickness ranging from 0.19mm to 0.40mm, ensuring durability and reliability in demanding industrial applications. The precise thickness of 0.19-0.40mm strikes the perfect balance between strength and flexibility, making it ideal for sealing aerosol containers effectively.

When it comes to Packaging, the Aerosol Can Dome is carefully handled and stored using Pallet Packaging methods, ensuring safe transportation and storage of the product. The Pallet Packaging not only protects the product during transit but also facilitates efficient handling and storage at the end user's facility.

The product name, Empty Aerosol Can Components, aptly describes the nature of the Aerosol Can Dome as a crucial element in the assembly of aerosol cans. Whether used for personal care products, household items, or industrial chemicals, the Aerosol Can Dome plays a vital role in maintaining the integrity and safety of the contents within the aerosol cans.

As an integral part of aerosol can assemblies, the Aerosol Can Dome serves as the lid or cap of the aerosol container, providing a tight seal to prevent leakage and evaporation of the contents. The precise design and construction of the Aerosol Can Dome ensure a secure fit on the aerosol can, safeguarding the product inside and maintaining its quality over time.

Manufactured with precision and expertise, the Aerosol Can Dome meets the stringent requirements of the chemical industry, where reliability and performance are paramount. The robust construction of the Aerosol Can Dome, coupled with its optimal thickness range of 0.19-0.40mm, makes it a preferred choice for sealing chemical aerosol containers securely.

Whether you are a manufacturer of personal care products, household cleaners, or industrial chemicals, the Aerosol Can Dome offers a dependable solution for sealing your aerosol cans effectively. Trust in the quality and craftsmanship of the Aerosol Can Dome to ensure the safety and integrity of your products throughout their lifecycle.

### Features:

Product Name: Aerosol Can-Dome

Surface Handling: Offset Printing

Advantage: 100% Manufacturer

Thickness: 0.19-0.40mm

Metal Type: TINPLATE

Sample: Provided Freely

### Technical Parameters:

Advantage	100% Manufacturer
Usage	Cone And Dome For Aerosol Can
Logo	Customized Logo Printing
Thickness	0.19-0.40mm
Surface finishing	Polished
Surface Handling	Offset Printing
Product name	Empty Aerosol Can Components
PAYMENT TERM	30% Deposit T/T Advance
Industrial Use	Chemical
Size	Diameter 45/52/57/60/65/70mm

### Applications:

Customized Aerosol Can Dome is a versatile product that can be used in various application occasions and scenarios. Its primary function is to serve as a cone and dome for aerosol cans, providing a secure and aesthetic top for spray bottles. The pressurized spray top of the aerosol can dome ensures efficient dispensing of the contents within the can, making it suitable for a wide range of products. One of the common product application scenarios for the Aerosol Can Dome is in the household cleaning and air freshening products industry. The dome can be used as an air freshener cover, adding a decorative element to the spray bottle top. Its offset printing surface handling allows for customization with vibrant designs and logos, enhancing the visual appeal of the product.

Due to its durable construction and reliable performance, the Aerosol Can Dome is also suitable for industrial and commercial use. It can be used in automotive, janitorial, and beauty industries where aerosol cans are prevalent. The dome's different sizes, ranging from diameter 45mm to 70mm, cater to various can sizes and shapes, providing a universal fit for different products.

Customized Aerosol Can Dome, originating from Tianjin, China, boasts ISO9001 certification, ensuring high-quality standards and

production processes. The product offers flexibility in terms of minimum order quantity and price, making it accessible for businesses of all sizes. With packaging options including paper bag, carton, stretch film, and wooden pallet, the Aerosol Can Dome can be delivered securely to any location.

With a supply ability of 10000 units per day and a quick delivery time of 3-5 days, the Aerosol Can Dome is a reliable choice for businesses looking for a cost-effective and efficient solution for their aerosol can packaging needs. Payment terms are flexible, accommodating various preferences and ensuring a smooth transaction process.
